- Universal quad LNB, switchable, HDTV/DVB-S2 compatible, for connection of four satellite receivers or two twin receivers
- The KATHREIN Euroline universal feed systems are suitable for satellite receivers with a 40 mm LNB holder
- 3 year guarantee in accordance with KATHREIN guarantee terms

Hersteller: Kathrein

KEL 444

Product information "KEL 444"

Universal quad LNB - 10.70-12.75 GHz - 4 switchable outputs
(14/18 V, 0/22 kHz) - Current drain: typical 225 mA

Type:	KEL 444
Order no.:	20110030
Input frequency:	10,7-11,7/11,7-12,75 GHz
Gain:	55 dB
Output frequency:	950-1950/1100-2150 MHz
Oscillator frequency (L.O.):	9,75/10,6 GHz
Typical Current drain:	225 mA
Supply voltage:	11.5-14 (vert.)/16-19 (horiz.) V
Output:	4 x F connector
Control signals:	0 (Low-Band)/22 (High-Band) kHz
Feed fixture dimension (Ø):	40 mm
Dimensions with cap:	131 x 63 x 108 mm
Packaging unit/weight:	1 (10)/0.34 pc/kg
